

SCHAEFER REEL STORAGE

PAPER, BOARD & TISSUE INTRALOGISTICS

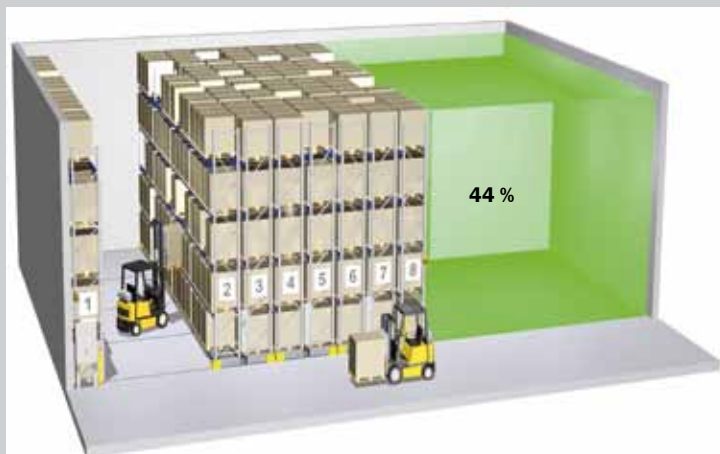

Warehouse and conveyor technology
for pallets and rolls or paper

Advantages at a glance:

- ✓ Perfect retrofit for existing buildings
- ✓ Suitable for limited footprint or height restrictions
- ✓ Extraordinary space utilisation and storage capacity

Mobile racking to gain in area utilisation

Mobile racking system for increased storage capacity

Economic:

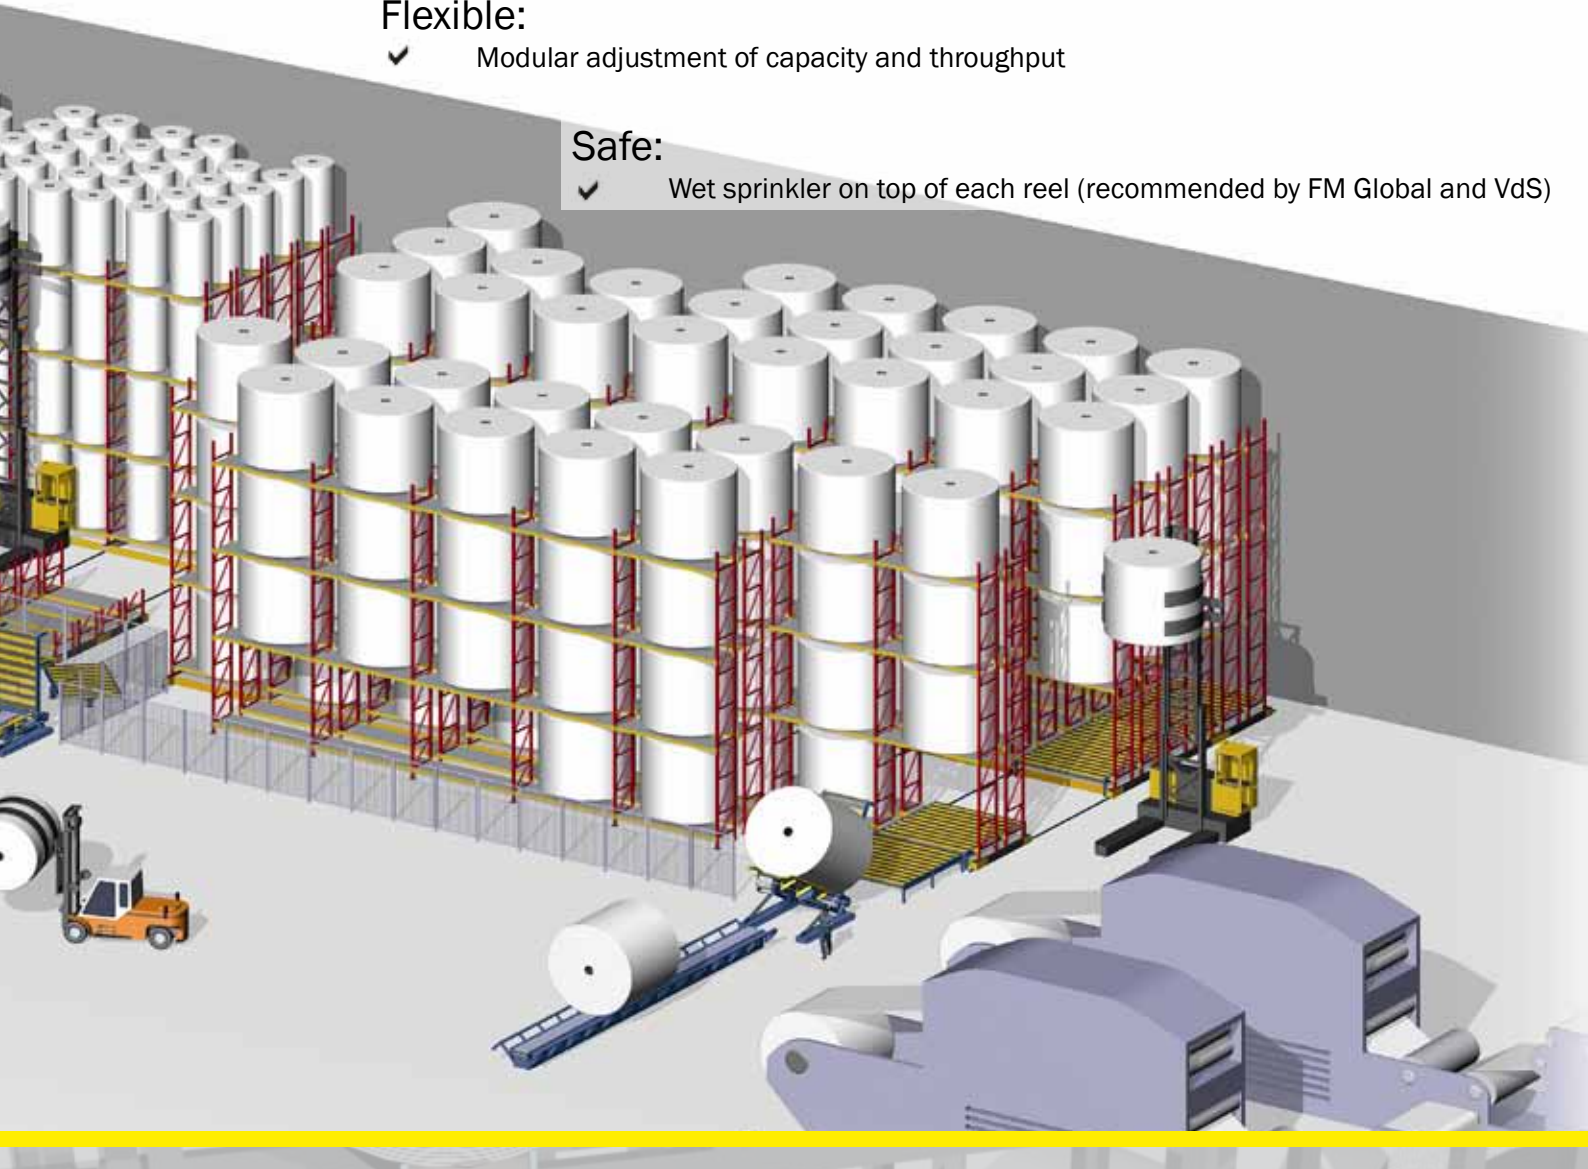

- ✓ Reduction of operating costs
- ✓ Economic solution for low and medium throughput
- ✓ Saving in insurance fees due to lower risk for the MILL

Flexible:

- ✓ Modular adjustment of capacity and throughput

Safe:

- ✓ Wet sprinkler on top of each reel (recommended by FM Global and VdS)

Scope of services:

- Racking
- VNA-truck (automated / non automated)
- WMS and PLC
- Conveying technique
- Fire protection
